Certification Letter

Dear Mr. Jennings:

We are pleased to confirm that the Industrial Hard Hat (ANSI) model below is certified by the Safety Equipment Institute, effective April 5, 2022. Class I/Annual certification testing, adding HT (Higher Temperature) and LT (Lower Temperature) optional testing, was successfully completed on March 30, 2022 in accordance with the requirements of *ANSI/ISEA Z89.1-2014 (R2019), American National Standard for Industrial Head Protection*.

<u>SEI Ref. No.</u>	<u>Brand</u>	<u>Model No.</u>
HD BUL 06	Bullard Standard Series	S61 - Type 1, Class, E, G, & C; Reverse Donning; HT (Higher Temperature); LT (Lower Temperature) - Available Suspension Options: 4-point Ratchet, or 4-point Pin Lock

The SEI Certification Mark may be used in the marketing, packaging and promotion of the model detailed above, in accordance with the provisions of the *SEI Certification Program Manual*.

Per the *SEI Certification Program Manual*, SEI shall certify the manufacturer's product model(s) and grant the right to use the SEI certification mark when 1) the Testing Laboratory has determined that the product model submitted and tested successfully meets the appropriate product standard, 2) the Quality Assurance Auditor has determined that the manufacturer complies with SEI quality assurance requirements through an on-site audit, including a review of the quality manual and procedures, 3) the manufacturer has paid all fees, and 4) product liability insurance requirements are met.

Following initial certification, SEI conducts annual follow-up testing on samples which are selected by SEI during the annual quality assurance audit. SEI's certification program is accredited as a System Type 5 per ISO/IEC 17067:2013 (E).

Thank you for your participation in the SEI Certification Program. If you have any questions, please contact the SEI Office.

Sincerely,

Dean D. Moran
